14. Your project will (please check all that apply): *

NOTE: At least one of the provided responses must be checked to meet the grant requirements

- Study travel made by residents of disadvantaged communities for the purpose of engaging with municipal and transit operations for better curb and transit options
- Study access to job centers, education (colleges, universities and/or job training), health care, and /or other social determinants of health and of healthy communities including fresh food and social networks
- Strengthen your other grant application(s) to advance equity, by showcasing travel and traffic conditions
- Conduct research that addresses inequities in our transportation systems
- Advance equitable recovery from COVID-19
- Other (please describe)

15. Please state the name(s) of the grant program(s). *

16. All projects must include a request for data. Are you also including a request for consulting services? *

- Yes
- No

17. Which of the following types of consultation are you seeking (please check all that apply)? *

- Transportation/infrastructure grant application expertise
- Transit planning and operations expertise
- Stakeholder outreach/engagement expertise
- Data visualization
- Data analysis (of data supplied by CS or data from the grantee)
- Knowledge transfer to build skills in independent data analysis
- Other (please describe)

18. How many hours of consulting services do you expect this project to require? *

19. Which of the follow data types are you seeking (please check all that apply)? *

- Trip flows (from our LOCUS location based services dataset)--shows travel patterns by time of day, day of week, trip distance, travel purpose
- Census equity, via access to a tool developed by CS
- Other (please describe)

20. Please affirm each of the following. **You must check each item for this to be a qualified application.** *

- No for-profit entity is participating as the lead applicant or as a collaborating applicant in this project.
- The grantee will submit a brief report at the conclusion based on the grant criteria as addressed in the proposed project description. It will be submitted no later than one month after the conclusion of the project.
- The grantee will collaborate with Cambridge Systematics for shared thought leadership after the grant project concludes, including but not limited to at least one of the following: case study; white paper; webinar; blog; vlog; podcast; conference presentation. The choice and/or combination of thought leadership will be determined mutually by the grantee and Cambridge Systematics at the close of the project.
- The grantee will comply with all terms and limitations of the grant program.

21. You may upload up to five (5) additional documents that you believe would be helpful to the judges as they consider your application. Please keep in mind that the judges are giving of their time, so any documents you provide should be highly pertinent to assessing the application and should be brief.
